

11-200

Ansell's most comfortable cut-resistant and high-visibility sleeve.

High-visibility protective arm sleeves, with an adjustable forearm for peerless comfort

- Advanced ergonomics: HyFlex® 11-200 protective sleeves' ergonomic design and ample, adjustable sleeve space make for sweat- and itchfree everyday wear
- Increased safety: Their high-visibility fabric makes these arm protection sleeves particularly safe in varying work environments
- Heightened defenses: HyFlex® 11-200 protection sleeves offer ANSI/ISEA 105-2024 CUT A3 and EN ISO C protection levels, for significantly improved workplace safety when paired with cut-resistant HyFlex® gloves
- Improved durability: They offer personal protection and are durable, meeting EN and ANSI/ISEA 105-2024 abrasion resistance standards.
- Added practicality: HyFlex® 11-200 protective arm sleeves are held firmly in place with an alligator clip, while their washable nature helps reduce ownership costs

Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication

Applications

- Handling structural and body components
- Inspection, selecting, checking parts
- Body panel repair and replacement
- Glass repair and replacement
- Seizing structural and body parts
- Inspection (picking, checking and marking)
